

## **Riverview Veterinary Student Summer Externship – Summer 2026**

### **Who Are We:**

Riverview, LLP is an agribusiness based in Morris, Minnesota, with farms in Minnesota, South Dakota, Arizona, Nebraska, and New Mexico. We work in dairy, beef, crops, and construction.

### **What This Externship Offers:**

Spend 10 weeks on one of our farms gaining hands-on experience and working on a real-world research project. You will rotate through different areas such as:

- Calf care
- Feeding
- Hoof Trimming
- ICU/Mastitis/Prevention
- Maternity
- Reproduction

You will also help answer a key management question through a research project, guided by Riverview veterinarians and university faculty.

### **What We Are Looking For:**

- Strong work ethic and humble attitude
- Passion for agriculture and animal care
- Willingness to learn Spanish
- Good with data and decision-making
- Organized, flexible, and persistent
- High standards for yourself and your team

### **Research Topics for 2026:**

1. Cow Activity Collars
  - How do we utilize activity collars to reduce our culling and/or disease outcomes?
2. Cow Milking Procedure:
  - Do cloth towels improve milk quality versus paper towels?
  - What is the effective impact of bimodal Milking?

3. Calf Transportation
  - What is the optimal pre-transportation electrolyte / feeding strategy?
4. Calf Disease Identification
  - How can technology be implemented to find calves with respiratory disease?

### Why Join Us?

- Learn how large dairy farms and/or calf ranches operate
- Conduct practical research with tangible outcomes
- Receive mentorship from experienced veterinarians
- Learn farm-specific Spanish through immersion
- Visit other Riverview farm locations
- Present your research at AABP or even get published!

### Compensation and Logistics:
